

# Petition to Parliament to Terminate First Capital Connect's Franchise

---

To the House of Commons.

The Petition of residents of Sutton and Cheam and users of First Capital Connect services, and others,

Declares that the ongoing disruption to the First Capital Connect service travelling into London needs to stop; timetables have been severely reduced due to mismanagement by First Capital Connect, which has not employed enough drivers to cover the shifts needed; commuters are having to find alternate routes into work and school, adding considerable time and expense to their daily journeys;

The petitioners therefore request that the House of Commons call on Her Majesties Government to recognise that due to this gross lack of competence, that the current disruption to services be treated as a breach of the franchise and that the Secretary of State for Transport serves immediate notice to terminate the franchise agreement with First Capital Connect and offer it to a more capable organisation.

And the Petitioners remain, etc.
